

CARRANZA MUST REPLY TO-NIGHT
QUESTION OF WAR WILL GO TO CONGRESS

1ST FIELD ARTILLERY ON ITS WAY TO THE BORDER, COL. MERRIT SMITH IN COMMAND

PERSHING'S ENTIRE ARMY
WILL ATTACK THE MEXICANS
UNLESS CARRANZA YIELDS

No Reply Yet to the Demand Sent on Sunday for the "Immediate" Release of the Troopers Captured at Carrizal.

MEXICAN CABINET MEETS
TO DISCUSS THE CASE

WASHINGTON, June 28.—The note sent to Carranza last Sunday night by Secretary Lansing demanded the "immediate" release of the prisoners taken at Carrizal and called for an "early statement" through diplomatic channels of the general stand taken by the Carranza Government.

The prisoners have not been released. Gen. Trevino is quoted in despatches from El Paso as having defiantly said: "Let them come and get the prisoners."

No reply has been received from Carranza as to whether the prisoners will be released or as to what stand he takes on the general relations between his Government and that of the United States. The only official news that has come from Mexico City is a short cablegram from Special Agent Rodgers, dated yesterday, in which he said he expected to receive Carranza's reply to-day.

The cablegram said it was believed the Mexican authorities were investigating the Carrizal affair, but gave no indication of what would be the reply to the American demands.

It is the general belief in Washington that unless a satisfactory reply is received by to-morrow morning President Wilson will go before Congress, state the entire situation, and ask for authority to order Gen. Pershing to march to Chihuahua and release the prisoners by force. Such a move would in all probability be followed by the sending of all of the regulars across the border as soon as the State troops are lined up along the Texas line.

Public opinion in Washington is that the time limit set by President Wilson in his own mind in which Carranza may take action to avoid a clash expires at midnight. Many officials declare an actual show of force will be necessary to overcome the stubbornness of the Mexican First Chief. "The President expressed the wish to me," Senator Lewis said, "that whatever discussion there might be in Congress on the Mexican situation should be conducted entirely in a non-partisan manner."

Eliseo Arredondo, on instructions from the Carranza Foreign Office, made a complaint to-day at the State Department against the alleged arrest and mistreatment of 300 civilians at La Cruz by an American force 3,000 strong on their march from San Geronimo to La Valle. It was accompanied by a request that the officers responsible be punished and steps taken to prevent a recurrence of such an incident.

CARRANZA AND CABINET
TAKE UP WILSON'S DEMANDS

Cable From Mexico City Says a Decision May Be Reached in a Few Hours—Nature of Reply Not Stated.

MEXICO CITY, June 28.—A conference regarding President Wilson's demand for the release of the American soldiers imprisoned at Chihuahua City is now in progress. It is believed a decision will be reached within a few hours.

To a cheering crowd of 5,000 students who waited upon him in the National Palace late yesterday to protest their willingness to take arms against the United States, First Chief Carranza promised a speedy, emphatic reply to the note despatched last week from Washington in response to the Mexican Government's second demand for the withdrawal of the United States forces from Mexico.

12TH IMPATIENT IN ARMORY
AS BIG CROWDS AWAIT ITS
DEPARTURE FOR THE BORDER

Artillerymen March From Van Cortlandt Park and Take Trains at Yonkers.

The Twelfth Regiment will entrain for the Mexican border this evening. It was ready to leave the armory at 2.30 o'clock, as first ordered, but a delay in the delivery of horses and mules at Hoboken, where the boys are to start on the Delaware Lackawanna and Western for Brownsville, forced them to remain at the armory. It was finally announced that they would not leave there before 5 o'clock and would not get away from Hoboken before 8 o'clock. In the face of this news thousands of relatives and friends of the guardsmen remained outside the armory and along the line of march, bearing themselves with the same patience they had shown during the long suspense of the day.

Col. Clarence S. Wadsworth planned a march from the armory at Sixty-second Street and Columbus Avenue over to Broadway, down to Fifty-sixth Street, east to Fifth Avenue, down the Avenue and Twenty-third Street and thence west to the Hoboken ferry.

Batteries D, E and F, which make up the Second Battalion of the First Field Artillery, struck their tents at Van Cortlandt Park this afternoon and marched to Yonkers to entrain there on the New York Central for the border. They were under command of Major James E. Austin. Thousands of their loved ones accompanied them as they left the camp ground and marched up Broadway to their trains.

The Third Ambulance Corps, commanded by Capt. Sheritt, and the First Field Hospital Corps entrained.

THREATENS FIRING
SQUAD FOR THE 25
TROOPERS IN JAIL

Trevino Reported as Saying They Will Be Shot if Rescue Is Attempted.

EL PASO, Tex., June 28.—Execution by a firing squad will be the end of twenty-five American prisoners in Chihuahua City, Gen. Trevino is reported to have stated, if the United States armed forces attempt to rescue the men.

"Mexico is prepared for war with the United States," Trevino was quoted as saying. "Arrivals from Chihuahua to-day quoted the Carranzista commander of the north as making this threat and declaration."

"We are not courting war, but if war comes the sons of Mexico will respond to the call to arms to protect their native land with their lives," Trevino was quoted as saying.

"If the American forces move on Chihuahua and make any attempt to rescue the twenty-five negro cavalrymen held prisoners by the de facto Government, they will be lined up before the walls of the penitentiary and executed."

"If the American forces make any attempt to attack the Carranza soldiers in the capital, they will be received by a rain of shot and shell from the de facto Government troops of which there are fully 30,000 in the state."

SENATE HOLDS OUT AGAINST APPROPRIATION FOR RELIEF OF FAMILIES OF SOLDIERS.

WASHINGTON, June 28.—Insistence upon its amendment to the House military drafting resolution, striking out the million dollar relief appropriation for dependents of enlisted men, was ordered by the Senate to-day after a disagreement on that issue had been reported by its conferees.

GERMAN PASSENGER
SUBMARINE SIGHTED?

Boston Gets Word That Vessel Supposed to Be New Under-Sea Craft Is Headed for That Port.

BOSTON, June 28.—The predicted visit to a United States port by a German transatlantic under-sea boat is very likely to come true within a few hours if the latest reports from the Customs office outlook at Provincetown are correct. A report was received at the duty officer's office here this noon that what was believed to be a German submarine had been sighted headed for Boston.

NORFOLK, Va., June 28.—The tug Thomas F. Timmons, owned by German interests in Baltimore, to-day continued its lone vigil three miles off Cape Henry, waiting—so the crew says—the arrival of the long-heralded super-submarine from Germany. The under-sea boat, with her ten passengers should have arrived yesterday, the crew says, but the bad weather or the necessity for dodging warships probably has delayed her.

One theory held is that the Timmons is only acting as a guiding buoy for the submarine, marking the three-mile limit for the under-water craft. Another is that the submarine is really headed for New York and that the Timmons is being used to draw British warships to the Virginia coast.

SWEDEN'S QUEEN IN PERIL
WHEN FRENCH DROP BOMBS

Duke of Baden and Family Narrowly Miss Death in Big Raid.

BERLIN, June 28.—The Queen of Sweden, daughter of the Grand Duke of Baden; the Grand Duke, the Grand Duchess Louise and the Dowager Grand Duchess of Hesse, were in Karlsruhe during the recent air attack by French flyers in which 110 persons were killed and 147 wounded. The raid was made at 3.10 P. M. on Corpus Christi Day, the French dropping bombs with poisoned darts. The Queen of Sweden was in the castle but the other royal personages were at church. The Grand Duchess Louise visited the wounded while bombs were still falling in Karlsruhe. A large crowd was in the streets because of the holiday. Of the 110 killed, 75 were children, five women and thirty men.

7TH FINDS REST
AFTER CAT-CROUCH
ACROSS 4 STATES

One Man's Discovery Turns Passenger Coach Seats Into Continuous Berth.

From Evening World Staff Correspondent on Board Seventh Regiment Hospital Train. COLUMBUS, O., June 28.—There is a Distinguished Service Medal or a decoration of some kind coming to a man in the Seventh Regiment, if this man ever can be identified. It's for the man who discovered that the backs of seats in an ordinary passenger coach can be removed and laid flat between the seats to make a bed.

Up to the time of this monumental discovery the Seventh tried to be as "dandy" as it could, resting occasionally in a sort of cat-crouch position, with absolutely no place for its legs except up around its armpits. Then came the discovery, the sudden stripping of seat-backs and their employment to form a continuous berth the length of the coach. With a sigh of relief that soon became a snore, the officers and men of the regiment unwound their legs and stretched out in something like comfort.

Through four States the Seventh had tried to be comfortable on the end of its spine, but when this morning came after a night of full-length rest, every heart beat high with enthusiasm, lost for just a moment yesterday when farewells were being said and water hands were clinging so tight to them and so unwilling to release them.

Spirits were indeed high enough to-day to permit relief of a rather gruesome reminder which flashed past the train in the panorama of moving country just outside the car windows. Capt. J. Weston Myers, Regimental Quartermaster, was busy shaving and as he glanced out of the window as the train whirled past the outskirts of Dennison, he called to those about him:

"There's a cheerful before-breakfast sight for us—look!" He pointed out to a small wayward cemetery with Spanish Army flags waving near some of the monuments. The men about Myers laughed and the next instant the mounds with

CARRANZA PUTS CAPTURED
VILLISTA CHIEFS IN ARMY

Awarding of Commissions Marked by Great Celebrations and Demonstrations.

WASHINGTON, June 28.—Official reports that Villista officers incarcerated in Carranza prisons are being released to serve in the First Chief's army reached the Navy Department to-day.

Admiral Winslow reports in some instances where these Villistas have been given commissions the event has been marked by great celebrations and demonstrations. Winslow also reports civil authorities in several Western coast cities have taken over all supplies, regardless of the needs of American colonists.

20 MEXICAN BANDITS
CAPTURED BY TROOPERS

Prisoners Will Be Put in Wire Stockade Recently Erected at Columbus.

COLUMBUS, N. M., June 28.—Twenty Mexican bandits captured by troops along the American line near El Valle are being brought north under guard on a motor truck train. The prisoners are expected to arrive in Columbus to-night and will be confined in the wire stockade erected some time ago for such an emergency.

SIXTY-NINTH ROOKIES OUT.

Were Placed on March Training Orders to Enlist.

Officers in charge of the recruiting at the Sixty-ninth Regiment Armory, Twenty-sixth Street and Lexington Avenue, took to-day's recruits out on parade this afternoon, marching them up and down Second and Third Avenues with sticks over their shoulders, urging others to join the ranks. A batch of 22 recruits for the Sixty-ninth went up to Camp Whittier yesterday to swell the ranks of the regiment now encamped there.

The Essex Troop of New Jersey, which is on the way to El Paso, is following hard on the heels of the Seventh and sharing in the demonstration of enthusiasm which grows with every community the trains pass on their way to the border.

Col. Plac, escorted west to-day that the horses and mules which the U. S. Army inspectors had not passed in time to be sent with the Seventh probably will be started for Brownsville to-day.
